Krishan joshi

UI and UX Designer (4 Years)

krishanjoshi7869@gmail.com +91 9950332503

Summary

I am a highly skilled Creative Designer with over 4 years of experience in the UI/UX design industry. Throughout my career, I have worked on diverse projects, including Mobile App design, Website design, Web App development, Poster creation, Logo Design, Business Card Design, and Birthday/Anniversary Card Products. My passion lies in crafting visually striking and user-friendly designs that consistently exceed client expectations.

Experience

UI/UX Designer| Microlent Systems

Dec. 2020 - Present, Jodhpur

- Cross-Functional Collaboration: Led collaboration between product management and engineering teams to conceptualize, design, and implement innovative solutions for SaaS platforms, mobile apps, and websites, driving increased user engagement and customer satisfaction.
- Redesign Success: Spearheaded the redesign of key features, resulting in enhanced product adoption rates and a measurable reduction in customer support inquiries.
- Technical Proficiency: Leveraged expertise in HTML, CSS, Bootstrap, Tailwind CSS, React, and Material UI to deliver seamless and responsive user interfaces across multiple projects.
- Versatile Design Role: Defined and produced UX (User Experience), GUI (Graphical User Interface), and visual designs for web, Android, and iOS platforms, transforming concepts into impactful, user-centric digital experiences.
